Date: April 6, 2020
To: Brams United Girls Soccer Club Membership
CC: Staff, Board of Directors
From: Melanie Bradley, General Manager
Subject: COVID-19 & Program Update

Dear Members,

Brams United Girls Soccer Club is actively monitoring the COVID-19 situation, along with recommendations and mandates from our Governing Bodies and Professional Health Officials. The health and safety of our members is of the utmost importance and first priority of the Club.

Due to recent announcements by Ontario Soccer, all sanctioned soccer programs are cancelled for the **month of April**. Brams United has made the decision that Summer Recreational Programs will look to commence after May 31, 2020. We will continue to send updates as we know the return to play date. It is imperative to the Club that our membership has the time to return to their normal routines before the season. As an organization, we can assure our membership that we are preparing various scenarios that allow the member to receive the full value of the original programming. Once we return to play, we will be able to assess the full impact on all programs (Competitive, Recreational, Camps, Match Officials, etc.) and address with our membership directly.

We understand that COVID-19 has had an impact on households and the decision for activities once we return to play. In order to assist families, we are offering a **Waitlist Registration** option for the 2020 Summer Recreational Programs. Members who are interested in registering for the 2020 Summer season but uncertain about payment at this time are encouraged to contact our [Customer Service](#) to be registered to the age group Waitlist. Members may then complete their registration two (2) weeks prior to the first game (or arrange payment plan).

During this time, we believe it is important to stay in touch with all members and provide at-home resources. We understand that many members are limited at home during this period and may benefit from complimentary resources to stay active and the ability to continue learning at home. We will continue to share these via e-mail and social media.

For more updates and information please visit Ontario Soccer and our recent FAQs document. During this period, staff will continue to be available via email. We appreciate your support and understanding through this time of uncertainty and will continue to assist with questions and concerns. We hope that you and your loved ones are safe and healthy, and we hope to see you all soon.

Sincerely,

Melanie Bradley, General Manager
Brams United Girls Soccer Club
